ICICI PRU GOLD

This is a Non-linked Participating Individual Life Insurance Savings plan

ICICI Pru Gold is a protection and savings oriented participating life insurance plan that provides the protection of life cover[1] along with a regular income that can be used to meet your long-term and short-term recurring financial needs through participation in bonus[2].

Key features:

- ☑ Protection through life cover[1] with policy term from 25 year onwards to up to 99 years of age
- ☑ **Income up to 99 years of age,** with option to start receiving income immediately or after a few years as per your needs. This income will be a combination of Guaranteed[$] Income and income linked to bonus[2] declaration
- ☑ Option to accumulate/withdraw[3] income any time or adjust[4] future premiums from the income thus accumulated
- ☑ Option to get Guaranteed[$] boosters after every 5 years to boost your savings with Immediate Income with Booster plan variant
- ☑ Tax benefits[5] may be applicable on premiums paid and benefits received as per prevailing tax laws.

Benefits in details:

Plan Variant 1: Immediate Income: Under this option, starting from the first policy year, you will receive a regular income (Survival Benefit) at the end of every policy year/month, as chosen by you, provided the policy is in-force.

This **regular income** will comprise the following:

- ♦ Guaranteed[$] Income (GI) and
- ♦ Income which will be linked to Bonus[2], if declared; referred to as Cash Bonus (CB)

You will receive this income till the date of maturity, death, surrender or lapse of the policy, whichever happens first.

For details on Bonuses, please refer Clause 7 under Terms and Conditions mentioned below Further, at the end of the policy term, you will get a lump sum benefit (known as the Maturity Benefit) which will be equal to the sum of

- ♦ Sum Assured on Maturity (i.e. equal to sum of all Annualized Premiums payable), plus
- ♦ Balance in Savings Wallet[3] (if any), plus ♦ Terminal Bonus[2] (if declared

Plan Variant 2: Immediate Income with Booster: Under this variant, while you will enjoy regular income similar to option 1 from the first policy year, you will also receive a benefit (known as Guaranteed[$] Booster) every 5th policy year, provided the policy is in-force. This Guaranteed Booster will be equal to 100% of the Guaranteed[$] Income, as applicable for the year of payment.

To sum it up, you will receive the sum of

♦ Guaranteed[$] Income (GI) ♦ Guaranteed[$] Booster (GB), and ♦ Cash Bonus[2], if declared (CB)

Just like the previous plan variant, at the end of the policy term, you will get a lump sum benefit at the end of the policy term equal to the sum of

- ♦ Sum Assured on Maturity (i.e. equal to sum of all Annualized Premiums payable), plus
- ♦ Balance in Savings Wallet[3] (if any), plus ♦ Terminal Bonus[2] (if declared

Plan Variant 3: Deferred Income : Under this option, you will receive regular income in the form of Guaranteed[$] Income and Cash Bonus[2], if declared, at the end of every year/month, as chosen by you, provided the policy is in-force. However, here you can choose to start receiving the benefits after a few years (known as the deferment period) instead of starting immediately, as per your income requirements. You can start this income as early as 2nd policy year or as late as Premium Payment Term plus 1 year.

Death Benefit: For all the three plan variants discussed above, If the person whose life is covered by this policy (known as the Life Assured) passes away, during the term of the policy, the Death Benefit (insurance cover amount) will be paid out as a lump sum to the person specified (known as the Claimant) in the policy.

- ♦ Sum Assured on Death, plus
- ♦ Balance in Savings Wallet[3] (if any), plus
- ♦ Interim Survival Benefit (if any), plus
- ♦ Terminal Bonus[2] (if declared) Where, the Sum Assured on Death is the highest of:

- ♦ 105% of the Total Premiums Paid as on the Date of Death
- ♦ Death Benefit multiple times Annualized Premium

***Disclaimers**: [1]Life cover is the benefit payable on death of the life assured during the policy term.[2] Bonuses will be applied through the simple bonus method. Cash Bonuses may be declared annually throughout the policy term for all three variants, and will be expressed as a proportion of the Annualized Premium. For a new policy sold with Date of Commencement of Risk on or after April 1 in any financial year, there may not be any Cash Bonus rate declared for such policies when the Survival Benefit becomes due to be paid. In such circumstances, the Company may pay a fixed cash income benefit in lieu of Cash Bonus. This fixed cash income benefit will be based on a non-participating Cash Income rate (declared by the Company annually in advance) and once declared shall remain guaranteed to be paid as part of Survival Benefit as and when it is due. Such payments in the form of fixed benefit shall continue till a Cash Bonus rate (as applicable for the policy) is declared and the Cash Bonus benefit, if declared, becomes payable at the next benefit due date. A separate Terminal Bonus may be declared under each variant, and will be payable on death, surrender and maturity, respectively, for a premium paying or a fully paid policy. Please refer to the sales brochure for more details.[3] Savings wallet: You have an option to accumulate the Survival Benefit, instead of taking the same as a periodic payment during the policy term. You need to opt in for this feature through explicit consent vide request submitted to Us, whereby the Survival Benefit when due will be transferred to the Savings Wallet. Upon crediting the Survival Benefit in the Savings Wallet on the due date, the Survival Benefit will be deemed to have been paid and any amount within the Savings Wallet will be non-participating in nature. This option can be opted for and opted out at any time during the Income Term. The money within the wallet will be accumulated daily at an interest rate linked to the Reverse Repo Rate published by Reserve Bank of India (RBI). The interest rate used for accumulation under this feature will be reviewed twice every year on 1st of June and 1st of December, and will be set equal to Reverse Repo Rate published on RBI's website as on the review date. The current Reverse Repo Rate as at December 1, 2023 is 3.35% p.a. In case the balance in the wallet is not withdrawn completely during the income term, such balance will be paid to the claimant in the event of death, surrender or maturity, whichever is earlier along with other benefit payments (if any). On payment of this benefit, the policy will terminate, and all rights, benefits and interests under the policy will stand extinguished. Please refer to the sales brochure for more details.[4] You have the option to utilize the balance in the Savings Wallet to offset any premiums due to be paid during the premium payment term. The same has to be provided to Us as a request prior to the premium due date. Upon receipt of such request and confirmation of the same, We shall automatically deduct the authorized amount on the premium due date from the Savings Wallet. If the amount available for offset is not sufficient to adjust the due premium, the balance due premium shall remain payable by You as on the premium due date. We shall recognize the settlement of due premium only after receipt of the same in full. Please refer to the sales brochure for more details.[5] Tax benefits under the policy are subject to prevailing conditions and provisions of the Income Tax Act, 1961. Goods and Services Tax and Cesses, if any, will be charged extra as per prevailing rates. Tax laws are subject to amendments made thereto from time to time. Please consult your tax advisor for details, before acting on above.*
